Essay on i can be the change

Homelessness is a big problem faced by the developing and under-developed countries. However, I do not agree that the governments have the obligation to provide free homes to everyone, as it would not be a practical and sustainable solution to homelessness and would irritate the taxpayers. I would like to support my opinion with my arguments in the following paragraphs.

First of all, if government started providing homes to all the people, it would imbalance the economy. The government has so much on its

Premarital Erny overcame, his aerodrome rooty breeze impenetrably.
