Oliver Twist

How subtly does Charles Dickens portray society's attitude towards underprivileged children in the novel 'Oliver Twist'?

'Oliver Twist' is one of Charles Dickens most enduringly popular novels. Rejuvenated for his host of distinctive oral, witty and poignant characters, Charles Dickens remains the most widely read of the Victorian novelists. 'Oliver Twist', a bleak, 1838 young boy, is born in the workhouse and spends his early years there until, finding the nursery to stink for more food, 'Please, sir, I want some more.' he is made to leave. Oliver represents the underprivileged children in this novel. Dickens shows us society's attitude towards Oliver and the underprivileged children, they were abused, beaten and 'roughed up by hand.' 'Oliver Twist' is a criticism of the workhouses, the judicial system and the criminal world of London society of the time. Dickens use of satire and descriptive style conveys the pain of the underprivileged to the reader. His narrative skills are topped with biting sarcasm and irony making the novel a chilling revelation of the life of the victims.

Dickens was a striking champion of the poor. He himself suffered the harsh abuse visited upon the poor by the English legal system, as the himself was an orphan. In England in the 1830s, the poor had no social, judicial or educational rights. In 'Oliver Twist', he presents the everyday existence of the lowest strata of English society. He goes far beyond the representation of the workhouse, extending his depiction of poverty to London's squalid streets, dark alleys, and flower stalls. He gives voice to those who had no voice, showing us a link between politics and literature with his language techniques and social commentary. The novel is that of a young individual boy but the suffering and hardship is universal.

Oliver represents all the orphans of the 19th century Victorian England. Oliver's birth is symbolic of the life. His whole life is a struggle. His birth begins a life that is a long tale of woe. His treatment in the London workhouse was one more phase in his life of "harsh and brutal." His mother dies during childbirth because medicine was not given advanced at the time and so the child became an orphan. "Once a parish child the orphan of a workhouse the humble, half-starved struggle to be clothed and buffeted through the work-house by day, and pined by night." Authorities at the workhouse send Oliver to a branch-workhouse
